ProtonPACS from Radsource featuring

Intele**Viewer**™

High Performance Image Viewing

ProtonPACS featuring InteleViewer™ enables fast and streamlined interpretation, anywhere, anytime, and for any case. Designed to provide robust, high performance for both onsite and remote reading, InteleViewer boosts reading productivity by supporting all medical imaging cases on a single reading and reporting platform.

InteleViewer delivers robust and powerful image display for all imaging modalities, using web-enabled smart and flexible technology that quickly delivers current and prior images to the desktop. Highly customizable and extendable, ProtonPACS is a scalable solution that can meet the needs of any size imaging department.

PROTONPACS FEATURING INTELEVIEWER OFFERS

› Flexible worklists to manage individual, sub-specialty and group case loads.

› Maximum workflow efficiency and embedded critical results management.

› Enhanced service delivery to referring physicians with consistent and structured radiology reports and images, better collaboration and communication tools, and more time for consultations.

› Industry-leading customer service and support provided by the ProtonPACS in-house team of experts.
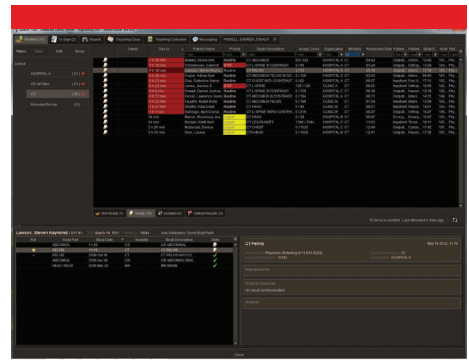

By combining award-winning PACS software with proactive support, speech recognition, report delivery and guaranteed secure archiving, ProtonPACS delivers a fully functional and flexible PACS solution in a cost effective fee per study model. The service is fully managed and maintained by the ProtonPACS team, greatly reducing your IT needs, and is uniquely engineered for maximum speed and the elimination of downtime. ProtonPACS is fully regulatory compliant and seamlessly communicates with any information system.

With no required upfront capital investment or ongoing fees for licensing, updates or maintenance, contact us to find out how you can start saving today!

FULLY-FEATURED UNIFIED READING PLATFORM

› Balance workloads by unifying all cases into a single reading solution.

› Optimize the reading process with customizable InteleViewer worklist to manage study parking, order management, and flexible filters.

› Improve efficiency with user relevancy and robust hanging protocols.

› Reduce costs and complexity with automated priors handling and results delivery.

INTELEVIEWER WORKLIST PROVIDES A CUSTOMIZABLE READING ENVIRONMENT THAT BOOSTS PRODUCTIVITY.

CONSOLIDATED SUBSPECIALTY READING

› Improve decision-making from any location through high-speed visualization and embedded advanced 3D volumetric reading.

› Review patients' response to treatment through image comparison across multiple modalities.

› Quick and easy access to prior studies for side-by-side comparison.

HIGH PERFORMANCE INTELEVIEWER OFFERS EMBEDDED SUB-SPECIALTY TOOLS AND MULTI-STEP HANGING PROTOCOLS.

FLEXIBLE REPORTING WITH EMBEDDED TOOLS

› Increase efficiency with seamlessly embedded Multi-Method Reporting™ voice recognition or digital dictation.

› Streamline reporting processes with customizable report templates and auto-population of fields (based on HL7 data).

› Enhance communication with colleagues and clinicians using remote collaboration tools.

RADSOURCE SERVICE & EXPERTISE – WE GET IT!

Radsource is one of the most trusted names in imaging, earning a reputation for both advanced technology and unmatched support. Radsource service has and will continue to be a key differentiator. Our proven track record of going above and beyond each and every day sets us apart from the competition...go ahead, ask any one of our customers.

PROTONPACS...IT JUST WORKS!

ProtonPACS is easy, scalable, cost efficient and always ready when you are. For more details, call us at 615-376-7502 or e-mail pacs@radsource.us.
